### Khmer

Percentage of the total Khmer population in various Province 1990 2000 0. The Khmer unique unit is the Ballista Elephant, a mounted scorpion that can be upgraded to fire two bolts simultaneously.

### Quemeres

Major infrastructure constructions; built hospitals, rest houses, reservoirs, and temples including , , in city, and. This region is also one of the first places in the world to use. Their is also very good, only lacking the , but their leave much to be desired.

### Khmers Kampuchea

Early Kingdoms of the Indonesian Archipelago and Malay Peninsula. They also are the only civilization outside of the Age of Empires III civilizations and the Atlantean of Age of Mythology: The Titans that don't need dropsites for food produced by farms. The legend probably describes the predecessor or initial stage of the Khmer kingdom under Javanese dominion.

### Khmer

The majority of the world's Khmers live in Cambodia, the population of which is over 90% Khmers. At the same time, the government did not try to control production itself. These two states, even after conquest by Chenla in the sixth century, were constantly at war with each other and smaller principalities.
