Twenty-two mines are in a 15-sq mi area between Mahanoy City and Girardville, all of which closed prior to 1958. Coalcracker Culture traces the evolution of a distinct regional culture in the anthracite coal fields of Pennsylvania.

Coalcracker Culture

They internalized numerous allegations of their inferiority while compensating for it by celebrating the overly macho male who never tolerated an insult. Born the fifth of eight children to immigrant parents, my father, like many other boys and girls in the area, lost his coal miner father when he was six. He discovers that despite technological innovations, the anthracite miner remained a tool user and retained control of his behavior on the job.
