Filesize: 29.910 MB

(1989 edition)

Each reading selection is accompanied by an introduction .

The human condition philosophy

Consider, for example, the intellectual brilliance involved in sending three of our kind to the Moon and back. Anatomically modern humans have been around in our current form for around 200,000 years but while our physiological capacities have scarcely changed we are cognitively very different. War is an unfortunate and seemingly intractable aspect of human existence that is often attributed to human nature - i.

'FREEDOM: The End Of The Human Condition' by Jeremy Griffith

Until you are cured, there is nothing you can do.

The Philosopher's Beard: Human nature and the human condition

In her essay Mead argued that war should be understood as an invention that has wrapped itself around us, bringing immediate gains to those who pick it up and master it, and immediate losses to those in their proximity who fail to do so.

Philosophy and the Human Condition

The existence devoted to the vita activa, homo faber, and finally the animal laborans, which are marked respectively by three activities: the action, the creation of work and work.
