Capra Press, Santa Barbara, CA. The major style is, of course, the Spanish or Mediterranean, and this book probably does more than any other to document this rich tradition. The perfect climate, the wonderful architecture, the proximity to L.

### Santa Barbara architecture, from Spanish colonial to modern (1995 edition)

In a lively and eminently readable narrative, Starr reveals how Los Angeles arose almost defiantly on a site lacking many of the advantages required for urban development, creating itself out of sheer will, the Great Gatsby of American cities. When someone asks me where I would love to live if I could live anywhere, this is always my first choice, over Provance, over New South Wales, over anywhere, this is the place. Around the same time, his wife was a military brat in Spain.
