In the process of arresting her, the officer twisted her wrist and forced her to the ground, as well as having her walk barefooted from the patrol car into the police station.

Dr. Mae Jemison — Exploring the Frontiers of Science and Human Potential

She filed a lawsuit against the city of Nassau Bay and the officer. The explosion of the Challenger shuttle put a hold on applicants, but in 1987, she became one of the 15 candidates selected out of more than 2,000 people. Study the different aspects it takes to get into space, what foods to eat and how, experiments to conduct, what you would explore, etc.
