### Maxillofacial Trauma Management During COVID

A cast is often used when an arm or leg is fractured, but since a cast cannot be placed on your face, we have other methods to stabilize facial fractures.

### Residency Program in Oral and Maxillofacial Surgery

Since a cast cannot be placed on the face, other means have been developed to stabilize facial fractures. It may result from a blow to the lower or mid-maxilla.

### Oral & Maxillofacial Surgery

They will be in too much pain to do this if the jaw is fractured.

### Oral and Maxillofacial Trauma

Examine soft tissue injuries, looking for foreign bodies.
