Comparative Study between Conventional and Islamic Banking (Part

Though this failure is attributed mainly to the pervasive influence of conventional banking system itself, lack of vigilance of the promoters of Islamic banking in realizing the objective is no less to blame. Rayhan Islaml Abstract With an aim to explore the current Islamic banking scenario of Bangladesh, this study examines the key concepts of Islamic banking and its history in the world and in Bangladesh as well.

Building an Islamic financial information system based on policy managements

Except one individual bank ICBIBL , most of the Islamic banks show remarkable growth in their profitability in the last decade.

Comparative Study between Conventional and Islamic Banking (Part

Empirical evidence from three Islamic MFIs operating in Bangladesh, in general, supports some of the theoretical assertions. They found Islamic banking in ready form of immediate introduction. The Genesis of Islamic Banking in Bangladesh At birth, Bangladesh inherited an interest based banking system, which was introduced here earlier when the country was a part of British Colony.

Case Study of Islamic Finance

Building an Islamic financial information system based on policy managements

. In the banking sector, this paper reveals that the profit-sharing system does not seem to be popular in this country although the reward system is central to Islamic Finance.

Building an Islamic financial information system based on policy managements

The policy implication is not that Islamic banks should never be floated within the conventional banking framework.

Building an Islamic financial information system based on policy managements

Investment based on profit: After departing from interest, the alternate ways of income for Islamic Bank are investment and profit. It also aims at maximizing profit but subject to Shariah restrictions. Thus in Islamic Banking, the creditor should not take advantage of the borrower.
