French business culture guide

Men should wear dark suits, particularly during the winter and when visiting the north.

Business communication in France: language matters and business relationships

The French smoke, drink and eat more fat than anyone in the world, yet they live longer and have fewer heart problems than Americans.

The French way of life

Typical discussion topics do not include your wealth — showing off your wealth is considered bad taste.

France

In what circumstances might you ask to borrow ein Handy? However, there are also several regional languages spoken, mostly by elderly residents. Note that this expression changes from region to region.

What Is France In French: A Little Guide

Relative to the Scandinavian countries, the cost of living in France is low. When a superior or a visitor enters a room, you should stand up or make a token move as if you are about to stand, which will be sufficient.

The French way of life

Business correspondence in France is very impersonal in nature.

In Paris, and to a lesser extent in other major cities, many households do not own a car and simply use the efficient public transport. It is anticipated that all attendees contribute to the discussion so it is important for you to be alert and prepared to share your views.
