### Tropical Soil Biology and Fertility

. The objectives of the programme revolve around five main themes: synchrony of nutrient release and plant growth demands; management of soil organic matter; soil water balance; effects and management of soil fauna; and integration of biological processes into the maintenance of soil fertility. A total of 27 morphotypes were collection from the three regions.

### **Tropical Soil Biology and Fertility**

International, 1993 Original from the University of Michigan Digitized 3 Mar 2010 ISBN 0851988210, 9780851988214 Length 221 pages Export Citation. Correspondence to: Mbogne Taboula Judith, Faculty of Science, Department of Plant Biology, University of Yaounde I, Cameroon. A prospective survey was undertaken to sample the knowhow of peasants on the management of pumpkin, followed by an agromorphological, chemical and biochemical characterization in the West O , Centre C and East E Regions.

### **Tropical Soil Biology and Fertility**

What's new CAB Direct now works with LibKey! These results constitute ground work for selection and improvement of *Cucurbita* species in Cameroon.
