Writers Workshop

The academy was later instrumental in founding the Muslim city of Baghdad as a center of learning, and serving as the model for the first Muslim hospital at Damascus. Use personal experience only as an example, though, because academic writing relies on evidence-based research.

Academic Writing Style

Writers may tend to be more linear or more recursive. Except for generalist journals such as or , the topics covered in any single journal have tended to be narrow, and readership and citation have declined.
