## Ecology and Society: Pathogens, disease, and the social

Foot-and-mouth disease and market access: challenges for the beef industry in southern Africa. It either eats other organisms or is eaten by others and competes with other for the necessities of life such as food, shelter and mate survival requires group association.

## Disease ecology

The average temperatures in Ethiopia have increased at about 0.

## Ecology and Society: Pathogens, disease, and the social

Thus, the spores become dissolution resistant by water and could be transported in masses of organic matter by runoff to stagnated pools of water. A canine distemper virus epidemic in Serengeti lions *Panthera leo*.

## Marine Disease Ecology

Schematic of the statistical model. Autecology is also called species ecology. For example, the fluctuations of larch bud moths in Europe are hypothesized to be driven by a virus that infects and kills the caterpillars of this species.

## Ecology and Society: Pathogens, disease, and the social

African wild ungulates have recovered in recent years only because a massive vaccination program eliminated rinderpest from the primary reservoir for the disease, domestic cattle.

## Disease Ecology

At the intersection of medical geography and disease ecology: Mirko Grmek, Jacques May and the concept of pathocenosis.
