## Culture of Ghana

But, like African philosophy itself, the ideas and beliefs of the African society that bear on ethical conduct have not been given elaborate investigation and clarification and, thus, stand in real need of profound and extensive analysis and interpretation. Furthermore, students need to be more fully involved in public discussion of science and its applications.

## The Culture Of Ghana

They often take a more passive role in the conversations. Women who do not bear children are often divorced by their husbands. The northern staple is millet, which is processed into a paste and eaten with a soup as well.

## Social and Cultural Anthropology and the Study of Africa

The fact that the behavior of a supernatural being is thus subject to human censure

Filesize: 38.34 MB

implies that it is possible for a deity to issue commands that can be considered unethical by the practitioners of traditional religion. In spite of the philosophical inquiries or analyses undertaken by individual moral philosophers regarding morality i.

### **The Culture Of Ghana**

The morality of a shared life, as in any community, thus demands mutuality or reciprocity as a moral mandate in a world in which human beings, weak and limited in many ways, are subject to vulnerable situations.
