

Sounds and words

Hodder and Stoughton - Letters and Sounds Phase 5 Resources

Description: -

content	human language	definitions	visual representation
lexical system	grammar (syntax)	the way meaningful parts (morphemes, words) go together to form sentences	
lexicology	and morphology	a response of meaningful elements whose meaning is a function of the meaning of the individual elements that compose it and the way they are structured together	
compositional		an expression whose meaning is not predictable from the parts (lexicon)	
phonological system	phonemes (lexicon)	the physical properties of sounds (phones)	
phonemic		meaningless sounds are combined into sequences, the sequence dictated being conventional meaning	
phonotactics	phonemes	minimal meaning-differentiating units (phonemes) that do not themselves bear meaning resemble in some ways morpheme expressions	
		meaningful elements combine into a meaningful sequence whose meaning is not a function of the meaning of the parts.

Letters and Sounds Phase 5 Resources

You could also use word families that are already prepared, which involve cutting out the words and pasting them into the correct column.

Beautifully Human: Words and Sounds Vol. 2

Phase 5 tricky words This set contains the tricky words introduced in Phase 5. Select albums in the Format field. Reading or basal texts will often offer individual lessons rather than systematic instruction in using the r controlled vowels.
