Capstone experiences and upper level coursework within the academic major seem to fit the bill for four year institutions. Help students analyze assumptions, scrutinize facts, and discern patterns through graphic organizers.

## Exploring different approaches to teaching primary maths

I am finishing data collection for the 2011 projects this week and planning new projects for the coming year. We also talk about what distinguishes primary documents written by the actual person from secondary accounts written by a historian interpreting events from historical fiction written by an author dramatizing the historian's interpretation. The author melds strategies for finding and making meaning from information, the multiple literacies that young consumers of news must be familiar with to navigate news and other information, and the digital skills necessary to navigate today's news options.
