50 Years Later: Poverty and The Other America

But he certainly opened the floodgates to that interpretation. Although Sinclair intended to gain sympathy for the workers, his readers focused more on his exposure of the filthy conditions in meatpacking plants.

Fifty

At the same time, industry was leaving the cities, African-Americans were becoming poorer in those areas, the projects became projects for poor people, not for working-class people. The courtyards were meant to create a community atmosphere and the blocks of flats were designed to allow sunlight into the courtyards.

Reduce poverty by improving housing stability

Currently, a mix of renovation, selective demolition, commercial development, and tax incentives is most often used to revitalize urban neighborhoods. Has leishmaniasis become endemic in the U.

Law Review Issue Archives

Unemployment, with its ample opportunities for slacking off, is another obviously suspect condition, and last years twelve states considered requiring urine tests as a condition for receiving unemployment benefits. By 2010, nine out of ten were from outside Europe. The , in Prague was leveled and rebuilt in an effort at urban renewal between 1890 and 1913.

Solutions

However, he criticized them for occasionally seeing only the negative aspects of society.

Solutions

The first part explains many of the ways people find themselves in poverty. The lives of the poor as portrayed in *The Other America* were generally nasty, brutish, and short, precisely because they lacked such amenities of middle-class life as decent housing, education, nutrition, and medical care.

Neglected Diseases and Poverty in “The Other America”: The Greatest Health Disparity in the United States?

But what remains vital in *The Other America* these many years later is its moral clarity. The anchor stores can drive a community and create residual supporting businesses that bring jobs.

Q&A: A New 50

That most Americans actually agree that the wealthier amongst us should be paying their fair share in taxes shows that politicians are not representing the majority but a tiny minority who hold vast amounts of money and thus power.
