German Finance Agency

See OMB memorandum , December 17, 1996. Debt Reduction and Tax Policy -- VIII.

German Finance Agency

Federal, state and local expenditure for 1998 as shown in the table below. For example, you might allow long-term debt only for capital improvements that are included in the capital facilities plan or capital improvement plan, or for capital improvements that will benefit both current and future citizens. Information sharing by the managers of national debt, monetary policy and fiscal policy in such areas as, policy issues and governments current and future liquidity needs, is necessary.

Debt Management Services

The Exemption of Government Securities from Taxation -- X. Countries who are beginning the process of building capacity in government debt management need to give a high priority to developing accurate debt recording and reporting systems. The servicing of most debts do not only require that the principal debt is serviced but in addition to servicing the principal debt, interest has also to be paid.

Waiving

This is the issue of the actual paying off of the debt. Let us look at these risks individually.

National Debt Management

Additional debt limitations above and beyond state statute should take into consideration your CIP projections.
