## Nursing Specialisations (Postgraduate)

Established in 1989, Netcare Education has built up a solid reputation for equipping students with the academic, clinical, practical and personal skills required for a professional career in health care across South Africa. A holistic approach is taken, combining theory with work integrated learning WIL in hospitals, so as to provide the best learning opportunities for developing knowledge, skills, attitudes and values, as well as enabling qualified health care professionals to remain up to date with the current practice.

## Nursing Specialisations (Postgraduate)

The three days event implanted a firm relation of upcoming strategies in the field of Nursing and Healthcare with the scientific community.

## Faculty of Nursing and Ancillary Healthcare (FNAH)

It is now being used by all Paediatric Schools in England. Nursing covers a range of activities that few professions can match - it is a demanding job with serious responsibility, but stimulating and intellectually challenging. Quality assured SCRIPT aligns with GMC guidance on safe prescribing and all modules are authored and regularly reviewed by expert healthcare professionals.

## Nursing Specialisations (Postgraduate)

Nursing Conference 2017 Speakers: Name Affiliation Country LTC Peter Strube Rosalind Franklin University USA Karen Whitman Lincoln Memorial University USA Cathleen A. As such, our core objective is to ensure that our students will be intellectually capable and skilled health care providers who are able to proudly offer the best evidence-based practice and patient centered health and care to their patients. As such, they reflect the respective NQF level, number of credits, outcomes and assessment criteria.

## BSc General Nursing

PEP allows you to put theory into practice in a real healthcare setting from your very first year. ENTRY REQUIREMENTS Applicants to the nursing programme must be between 17½ and 45 years old.

## **Faculty of Nursing and Ancillary Healthcare (FNAH)**

NWC 2018 is an excellent scientific forum to In Pursuit of Viable Quality Health Care and realities by discussing practical experiences. There are a range of specialist fields within nursing to choose from including maternity, surgery, intensive care, paediatrics, orthopaedics, trauma, education, management and many more — it's a career where lifelong learning becomes a way of life.

### **BSc General Nursing**
