## Israeli Supreme Court opinions on the West Bank Barrier

In that case, the peace treaty with Jordan nullified the Geneva Convention. For the past three decades, Francis A. These include: Violations of the right to life: Israeli soldiers, police and security guards have unlawfully killed and injured many Palestinian civilians in the OPT, including during protests against the confiscation of land and the construction of settlements.

## Why Israeli Rule in the West Bank Is Legal under International Law

There are many such examples in the world. Born in Ukraine, Professor Kontorovich spent most of his adult life in the United States. Israel also confiscates houses inhabited by Palestinians in the city to allocate them to settlers.

## Israel, the West Bank and International Law / Edition 1 by Allan Gerson

Furthermore, as explained earlier, the settlements and associated infrastructure are not temporary, do not benefit Palestinians and do not serve the legitimate security needs of the occupying power. If we claim that Judea and Samaria are occupied, then we have no basis for being in Jerusalem because there is no legal difference. The failure to reach a consensus at Camp David was followed by renewed Palestinian uprising, the Second Intifada.

## Israel and International Law: Why Israeli Rule in the West Bank Is Legal under International Law

The project was facilitated by the British, who were occupying Palestine from 1917 to 1947, with the aim of building a Jewish state. YJ Draiman is the 4th term lead elected official for the Northridge East Neighborhood Council — NENC, he is also the liaison between the NENC and LADWP.

## Israel and International Law: Why Israeli Rule in the West Bank Is Legal under International Law

In order to examine the legality of the occupation, this paper will discuss the situation from both angles and look at the sources of international law relevant to this case. It argues that this tension is aggravated in the context of the West Bank by the glaring disparity between the norms of

belligerent occupation and the Israeli government's policies.
