The spectrum of thematic concern is broad, extending from the Greek polis to the multi-ethnic city of modern America, from Aristotle to poststructuralism, from questions of figural language to problems of persuasion and interaction. This book was originally published prior to 1923, and represents a reproduction of an important historical work, maintaining the same format as the original work. Chapters address the ethics and the functions of speechwriting in contemporary society and also deliver general instructions for the speechwriting process.
