Bibliographic

Valerie Matsumoto chronicles conflicts within the community as well as obstacles from without as the colonists responded to the challenges of settlement, the setbacks of the Great Depression, the hardships of World War II internment, and the opportunities of postwar reconstruction. It is a story of rural towns and runaways, of tensions corporate and racial, of childhood trauma and adolescent betrayal, and of the guilt that even forgiveness cannot ease. Journal Information The Eudora Welty Newsletter was established by William McDonald in 1977 at the University of Toledo as a necessary and long overdue tool of scholarship, information, and homage to one of America's most beloved writers, Eudora Welty.

What my mother did do was share and repeat the tales about what she and her three sisters and brother and father and mother endured in their America — the brutality and violence of their poverty, and the disrespect and meanness of the Low Country White folks, including the ones who hired her and her sisters, from the time they were little girls, to be the help, in their homes, at their stores, and on their land picking cotton. But now Martha she was something else, she was seven years old and got into anything she could, she makes poor old George a nervous wreck some time, because he never knows where she is at.

Since that time, it has evolved to include bibliographic references to her works, textual analyses, news and queries about Eudora Welty and her works, checklists of scholarship, textual analyses, discussions of variations of Welty's work, and typescripts of awards ceremonies and speeches by and about Miss Welty.
