Fleet List

Originally, different classes of ships had different shapes, but currently all ships and submarines have a circular design. The legend says that in the year , two brothers fished a statue of , the goddess of mercy, out of the Sumida River, and even though they put the statue back into the river, it always returned to them.

Tokyo Travel: Sensoji (Asakusa Kannon Temple)

This may be able to partly explain the swift reentry of many members of the Society, such as Kishi Nobusuke who later became the prime minister, into the political world.

Taiho

While this article does not directly deal with the war crime trials and purge policies themselves, the example of the Society gives us a new perspective on the effect of these trials.
