## Women in Traditional China

Today, beyond the Arab world only a handful of kingships exercise substantial political power over nation-states, as in Swaziland and Brunei.

## Education

After centuries of intermingling, most Moroccans today are an Arab-Berber mix, although a few tribes in the countryside identify themselves as purely Berber.

## Political Dynasty is the Major Cause of Social Corruption: PM Modi

At stake is not just the future of a few coral atolls.

## Weighing Morocco's New Constitution

The Polisario have historically received financial support from the Algerian government, which has economic interest in the valuable phosphates within the territory. Ruling for more than thirty-eight years, King Hassan II was one of the longest serving monarchs in the entire Arab world. Girls as young as four and five are expected to help with household chores and to care for their younger siblings.

## Manifest Destiny

They worked harder and were paid less than other workers, often doing the dangerous work that other laborers were reluctant to take on. This constitution was not well accepted and was followed by a period of civil unrest and student riots. The region still preserves numerous Kasbahs and old fortresses that mark bygone era.

## Song Dynasty: Government & Society

In Moroccan homes, families and their guests eat from a communal bowl, usually without utensils, while seated on the floor.
