## Human Resource Managers in Education

What are the essential management tasks for secondary school principals in Malaysia? Their innovation will take the country in its great height. These discussions are compatible with findings from some research which suggests that increasing teacher influence may improve schools significantly.

## How can a principal motivate his teachers

School and district leadership has been the focus of intense scrutiny in recent years as researchers try to define not only the qualities of effective leadership but the impact of leadership on the operation of schools, and even on student achievement. Being visible throughout the school, providing praise and feedback to teachers about classroom and professional growth activities, providing praise and feedback to students about classroom performance or behaviors as well as ensuring uninterrupted instructional time are major activities of instructional leader in school. Instructional Leadership It refers to leadership given to one specific content area, discipline or subject matter area exclusive of others.

## Five useful ways teachers can help pupils transition to secondary school

Its work is a great success in relation to modern challenges for work such as in the psychological contract and leadership ethics and even to globalization and society. Both seem to gain their influence because of their strong relationships to other variables: to the way in which teachers organize themselves into professional communities, to reflective discussions about instruction, and to a sense of collective responsibility for student learning. In addition, an instructional leader provides professional development opportunities.

## Implications for teaching, assessing and reporting

This was confirmed by Amoloyee 2004.
