## Calvary Drill Regulations

The United States Army Psychological Operations Regiment has a separate tartan of green, black, red, gray and white.

## U.S. Army Uniforms

Make it permanent, not temporary.

## U.S. Army Uniforms

The mounted riflemen had their Colt revolvers and percussion rifles, but they were not issued sabers. The large supply of equipment on hand in 1865, sufficient to equip the regiments for a number of years, delayed readjustments.

## Cavalry Drill Regulations, United States Army: 1916

The rough, irregular terrain and the varied climate of Mexico added many discomforts.

## U.S. Army Uniforms

Some 600 hardy frontiersmen were brought together. The first of these was the School of Application for Infantry and Cavalry founded at Fort Leavenworth, Kansas, in 1881. There was also one mounted squadron in Cuba and one mounted troop in Puerto Rico.

## Catalog Record: Drill regulations for cavalry, United States...

Prepared in the office of the judge advocate general of the army. This work was reproduced from the original artifact, and remains as true to the original work as possible.

## List of numbered documents of the United States Department of War

The fluid condition of the frontier caused most of the Army's work to be performed by small units. They were numbered as the 22d through the 45th, except that the 25th and the 39th were omitted.
