May assist social workers with developing, organizing, and conducting programs to prevent and resolve problems relevant to substance abuse, human relationships, rehabilitation, or dependent care. Includes spotters and dyers of these articles.

Transition into Operation

CDs are required in all phases of the construction process from contract bidding and negotiation phases to project closeout. Our program is actively administered by our company Safety Director who makes periodic job visits. During this stage, the designer discovers the project requirements and overall vision and then presents a variety of schematic designs such as drawings, sketches, and so on to settle on the final schematic design.
