Nanay vs. Madam

Let's start off this lesson by learning a couple animal names.

Nihongo o shiete!

Uma is the word for horse. Lumabas ang aking anak at kinausap ang mga pulis sa labas ng aming gate.

Nanay vs. Madam

To keep it clear, be sure you mention which animal's name you are referring to. In Japanese, people believe they will catch a person's attention better by saying the name first instead of last, since the person might only catch their name at the end and not the first part of the sentence.

Nihongo o shiete!

NAIINSULTO ako kapag tinatawag akong Nanay. LESSON 8- What's its name? Tinawag ang police officer na kasama. Hindi siguro inaasahan na may taong nagagalit kapag tinawag siyang Nanay.

Unmei Nanosa (Title)

Yama: Watashi no PETTO wa buta desu. Umino: Dare no ushi desu ka.
