Modular In

A modular system design has no distinct lifetime and exhibits flexibility in at least three dimensions. Specifications and floor plans may vary. MODULAR CLEANROOMS Our cleanrooms and controlled environments are created specifically for the needs of our customers and are designed to keep particulates at bay.

INDUSTRIALISED BUILDING SYSTEMS & MODULAR COORDINATION

FOUNDATION: made up of individual reinforced concrete foundations, tied through chained beams, according to plan.

HCD Manufactured Modular and Factory Built Structures

All pricing excludes applicable taxes. The repetition of modular structural elements allows the execution of the building support system in a short period of time: by joining the horizontal to the vertical supporting structure by skilled staff and without interference works.

Modular Wall Systems, Portable Wall Panels

We understand deadlines and work closely with you to deliver the unit you want on time and budget.

HCD Manufactured Modular and Factory Built Structures

These applications may include server rooms, material storage, battery buildings, MCC enclosures, VFD enclosures, substation control buildings, restrooms, offices, break rooms, guard houses, sound attenuated control booths, storm shelters, and any number of alternate or combined building applications.
