To comment on this article, contact rdavidson uspharmacist. New information regarding COVID-19 is being made public constantly, and we will continue to monitor the situation, following the guidelines laid out by the Center for Disease Control CDC. Try to keep the skin dry, as the fungi enjoy moist environments, and consult your pharmacist for an antifungal product.

**Steele Dermatology Alpharetta Atlanta Georgia Medical Cosmetic Skincare**

A member of the American Academy of Dermatology, Dr. Occasionally a skin scraping, which is sent to a laboratory, may be done, but this is uncommon.

**Dr. Monee Thomas**

We understand that your dermatologic issues take on a unique level and type of importance because they are visible... to you and the world. No antifungal nonprescription product is known to be safe and effective for unsupervised use in diaper dermatitis infected with Candida.

**Steele Dermatology Alpharetta Atlanta Georgia Medical Cosmetic Skincare**

Fuller had a unique path into private practice.

**Christopher K. Fuller, MD**

The fungi that cause ringworm are able to thrive on warm, wet parts of the skin. Monee Thomas has the warmest approach to her patients, takes

the time to listen and address any questions or concerns you may have. The physician can then prescribe a specific antifungal to cure the condition.
