IEP is an international journal that aims to publish peer-reviewed policy-oriented research about the production, distribution and use of information, including these subjects: the economics of the telecommunications, mass media, and other information industries, the economics of innovation and intellectual property, the role of information in economic development, and the role of information and information technology in the functioning of markets.

What's a Bibliography?

In general, the list of references is double-spaced and listed alphabetically by first author's last name. This is important to keep in mind when including lists in a project. The annotations: The annotations for each source are written in paragraph form.
