Книги:

The Oxford Handbook of Medieval Philosophy. The prominent topics within the study of being qua being, or ontology, are the various aspects of the theory of essence, like the clarification of its relationship with form and substance, the discussion of the epistemological and ontological status of universals, etc. Equally clear is the effort to provide an Arabic version increasingly faithful to the Greek original and more respondent to philosophical clarity, and a special focus on the repeatedly translated book Lambda XII.

Arabic and Islamic Metaphysics (Stanford Encyclopedia of Philosophy)

Le versioni ebraiche di Zerahyah ben Ishaq Hen e di Qalonymos ben Qalonymos.

Ḥājj Mullā Hādī Sabzavārī (1797

Under the reign of Al-Mutadid's son, r.
